We should talk but I made it clear by saying only that there were factual distinctions that would not require us to treat all states with Fish Consumption issues the same.

Will call after I finish meeting with Missouri this afternoon.

David & Sarah,

Just got a panicked call from the attorneys for AFPA. They have gotten word on our filing regarding the Maine a Water Quality Standards and the impact on Native Treaty rights. I was clear that there were factual basis to distinguish between Maine and other states but I would not be surprised if they try to reach out to others at EPA regarding the Filing.

David why don't we talk about this later today?

Lee
